Introduction

Conservation South Africa (CSA), as a local affiliate of Conservation International (CI), is committed to helping societies adopt a more sustainable approach to development—one that considers and values nature at every turn and improves human well-being through the conservation of healthy ecosystems and the goods and services they provide. CSA seeks to influence policy, develop markets, engage the private sector, and support communities to develop and implement conservation-based economic growth models and long-term human well-being.

Services to be provided:

CSA seeks to purchase 1 x Roadworthy Safari vehicle with Roof, removable seats and closed single cab roof. The vehicle should be no older than a 2019 model or have no more than 30 000 km on the clock. Please include in your quote a 3-year service plan and warranty. This should not exceed R450 000.

As a nonprofit organisation, we would be willing to brand the vehicle and do social media campaigns in exchange for a discount in price.

Delivery Date: The completion date for Quotation is 21st April 2021

Procurement Process

The CSA procurement process dictates that 3 separate quotes shall be obtained from different service providers. The quote received from you will be compared to other quotes and the best price will be selected. As CSA is BBBEE Compliant a Current BEE certificate or affidavit will need to be included with the quote. Please send quotes made out to Conservation South Africa to csaprocurement@conservation.org with the subject heading SAFARI VEHICLE. For any questions, please contact Mike Grover at mgrover@conservation.org.
